EDUCATION

Faculty of Information Technologies

Pursuing BSc degree in CS

Mostar, Bosnia

Oct 2023 – Present

Gazi Husrev-bey's Madrasah

High school graduate. Coursework in IT (C++) and Mathematics (Calculus 2)

Sarajevo, Bosnia

Sep 2019 – Apr 2023

EXPERIENCE

Co Organizer

Google Developers Group Sarajevo

Aug 2025 – Present

Sarajevo, Bosnia (Hybrid)

- Co-leading planning and execution of monthly community events, including TechTalks, study groups, certification prep workshops, and DevFests
- Building inclusive developer community linking local talent to global Google Cloud resources, industry experts, institutions, and startups
- Managing event logistics, registrations, and promotional campaigns to grow attendance and engagement—for example, attracting 127 RSVPs for a January 2025 TechTalk

Freelancing & Entrepreneurship

Freelance & Self-employed

Sep 2019 – Present

Global (Hybrid)

- Delivering complete and custom web solutions for local businesses with various technologies
- Developing startups and SaaS solutions to combat local problems and scaling globally
- 2x failed startups with proven results and completed MVPs

DevOps Intern

Bloomteq

Apr 2025 – Jul 2025

Sarajevo, Bosnia (Hybrid)

- Built CI/CD pipelines with GitHub Actions to automate deployments of various tech stacks
- Provisioned Terraform infrastructure on GCP and orchestrated Docker containers with GKE
- Ensured efficiency and scalability of deployed apps across various tech stacks like MERN, LAMP and Django
- Learned and followed Agile project management best practices

Junior Full-stack Web Developer

Monetize Ad

Aug 2023 – Nov 2023

Sarajevo, Bosnia (On-site)

- Made a custom internal REST API framework in plain procedural PHP with amazing performance and features (40% Laravel-like)
- Developed UI for car-selling platform with 200K+ users in NEXT.js
- Adapted to corporate workflows, improving collaboration and productivity in professional settings

Full-stack Web Intern

Monetize Ad

Feb 2023 - Jul 2023

Sarajevo, Bosnia (On-site)

- Built a strong foundation in full-stack web development
- Hands-on experience with TypeScript, React, Next.js, PHP & software architecture
- Gained valuable mentorship from senior developers, enhancing my technical and soft skills
